Cross Hire

Portable Air Conditioning Hire

All the Air conditioners in our large, modern hire fleet are incredibly reliable and easy to use and all operate from a standard single Phase three pin plug - providing simple 'plug and play' solutions for our customers.

Our Portable Air Conditioning provides the perfect solution for Cooling down people or processes and can be used in almost all environments including; offices, call centres, server rooms, shops & banks, hospitals, factories, warehouses, food production and food storage areas.

Portable Heater Hire

Cross Hire, have a modern and wide range of Portable Heaters, capable of delivering temporary or emergency Heating for all applications and environments.

Our range of Heaters includes, portable Indirect fired oil, direct fired oil, direct fired gas, electric fan heaters, ducted electric fan heaters, Infrared quartz electric heaters, oil filled electric radiators, and Infrared oil heaters.

Portable Boiler Hire

Cross Hire Boilers are available in a variety of sizes, configurations and can be powered by either Natural Gas or Diesel Oil.

Our Vandal proof, ruggedly constructed boilers are available either as containerized or mobile units, both deliver the perfect answer for temporary Hot Water and Heating applications during emergency breakdown, planned maintenance, occupied refurbishment or as back up heating plant rooms in the event of disaster recovery.

Portable Chiller Hire

Cross Hire specialise in the most Energy-Efficient Chillers capable of delivering huge cooling power for a variety of industrial, retail and social environments or applications, including Air conditioning and Process Cooling. Our range includes: 5kw, 10Kw, 20Kw, 50Kw, 100Kw, 160Kw, 260Kw, 320Kw, 550Kw chillers.

We choose only the most reliable manufacturers for our hire fleet and our range includes most models from the MTA and Trane chiller range.

Cross Hire chillers are the perfect solution for temporary and additional cooling.
